

## California Native Plant Society Sacramento Valley Chapter

Since 1965, it's been the mission of CNPS is to increase understanding and appreciation of California's native plants and to conserve them and their natural habitats, through education, science, advocacy, horticulture and land stewardship.

**Chapter meetings** are on the 2nd Wed of Jan - June; Sept - Nov at 7pm and are usually held virtually. Hybrid meetings? *Technology support needed. [Technology@SacValleyCNPS.org](mailto:Technology@SacValleyCNPS.org)*

**Conservation** - Would you like to participate in protecting local habitat and healthy ecosystems? We collaborate with community leaders and local environmental groups to preserve native plant habitat and advocate for healthy ecosystems. Find out more about Habitat 2020 at [ECOSacramento.net](http://ECOSacramento.net)

Our **e-Newsletter** is published monthly, free to everyone. [SacValleyCNPS.org/newsletters/](http://SacValleyCNPS.org/newsletters/) *Seeking new innovative editor: [bulletin@sacvalleycnps.org](mailto:bulletin@sacvalleycnps.org)*

**Field Trips** are offered throughout the year, though mostly during spring and summer months.

**Friday Walks** are for seed collecting, plant identification, photography, and fun! Destinations are along the American River Parkway and beyond. [SacValleyCNPS.org/Friday-walks](http://SacValleyCNPS.org/Friday-walks)

**Garden Resources** developed to inspire and aid gardeners. Topics include: Garden Design: Prep, Planting & Maintenance; Plant Sales & Nurseries; Gallery of Gardens; and much more. [SacValleyCNPS.org/gardening-resources/](http://SacValleyCNPS.org/gardening-resources/)

**Gardens Gone Native Garden Tour** is a free, self-guided tour featuring private gardens in Sacramento, Placer, and Yolo Counties. [gardensgonenative@gmail.com](mailto:gardensgonenative@gmail.com)

**Homegrown Habitat** is an initiative to increase individual, community, and civic engagement in the effort to significantly increase numbers of native plants to support wildlife habitat and a healthy ecosystem. [SacValleyCNPS.org/HH](http://SacValleyCNPS.org/HH) Contact: [CNPSchris@gmail.com](mailto:CNPSchris@gmail.com)

**Kids in Community Gardens Grant program** brings native plants into the hands and minds of school children and local community garden visitors. [SacValleyCNPS.org/king](http://SacValleyCNPS.org/king)

**Home Growers for Social Justice HGSJ** is one concrete way to embrace human diversity while celebrating nature's diversity. We grow plants and donate them to under-resourced communities. Contact Monica at [HGSJ@sacvalleycnps.org](mailto:HGSJ@sacvalleycnps.org)

**Native Plant Sales** are held online or in-person in the spring and fall at SacValleyCNPS Nursery. To browse potential selections [SacValleyCNPS.org/ps](http://SacValleyCNPS.org/ps) for updates.

**SacValley CNPS Nursery & Gardens**, 2140 Chase Drive, Rancho Cordova. Check website for Monthly Volunteer Orientation and Demonstration Garden tours. Group tours upon request. **Nursery Mini Workdays** are on Mondays & Wednesdays 10-12. The nursery is operated by entirely volunteers; we propagate local native plants under the supervision of Robin Rietz. We are encouraged to become members of CNPS (of course!) but membership is not required to volunteer. Volunteers. Questions? [Nursery@SacValleyCNPS.org](mailto:Nursery@SacValleyCNPS.org)

**Stewardship on the American River Parkway** - We gather trash and weeds to tend River Mile 13 South taking out over 1,000 pounds of trash and weeds in its first year!
